WORKING EXPERIENCE

The Swim Starter Pte Ltd | Digital Operations Manager | 2020 – Present

Operations

- **Performance Optimisation:** Led process improvement initiatives that increased sales conversion from 50% to 80% and boosted customer lifetime value (LTV) by 300%.
- **Digital Transformation & Retention:** Spearheaded the development of a CRM and customer portal, scaling the customer base by 10X while achieving a 95% CSAT and reducing churn from 30% to 5%.
- **Regional Expansion & Infrastructure:** Scaled multi-country operations across five SEA markets by building unified, scalable SOPs and process automations from the ground up to ensure regional consistency and efficiency.
- **Strategic Leadership & Delegation:** Established a vertical organisational hierarchy to oversee a 40-person remote team, implementing delegation frameworks and quality control systems for long-term operational sustainability.

Technology

- **Agile Transformation & Systems Design:** Designed and implemented a technical development and bug-tracking ecosystem on Jira, running the projects on Adaptive Project Framework.
- **GenAI Orchestration & Efficiency:** Spearheaded GenAI-powered integrations using n8n, Claude, and ChatGPT; architected the logic flows that reduced response SLA from 5 minutes to <30 seconds and automated manual inquiry handling.
- **Product Architecture & Quality Assurance:** Translated business requirements into technical roadmaps and architected an AI testing bot for RAG scenarios, defining exhaustive logic to cover edge-cases and reduce bug-fix cycles.
- **Data Strategy & Stakeholder Visibility:** Assisted in drafting a live reporting architecture on Airtable, aggregating data across multiple bases to provide the Product Director with real-time visibility into project health and development velocity.

The Swim Starter Pte Ltd | Marketing Executive | 2019 – 2020

- **Performance Advertising & ROI:** Executed and optimised multi-channel advertising and remarketing strategies across Facebook, Instagram, and Google, achieving a 40% reduction in CPI through the creation of high-impact viral content.
- **Content Strategy & Design:** Managed the end-to-end social media calendar and produced creative marketing collaterals for all integrated campaigns to drive brand engagement and visibility.
- **Web Development & SEO:** Spearheaded the end-to-end website development for partner, including the delivery of SEO-aligned content to ensure consistent brand tone and search visibility.

Epic Events Holding Pte Ltd | Sales and Marketing Executive | 2018 – 2019

- **Digital Brand Engagement:** Orchestrated brand visibility by managing multi-channel social media platforms and executing a comprehensive digital content strategy via WordPress, including the design of marketing collaterals.
- **End-to-End Event Management:** Organised the full lifecycle of private and public sector events for up to 800 participants, overseeing everything from initial planning to on-site operational execution.
- **Product Lifecycle & Support:** Directed the product management of electronic goods, providing comprehensive pre-sales, after-sales, and warranty support and appointment for servicing to maintain service standards.

Cedele Bakery Café | Sales Associate | 2015 – 2018

- **Retail Operations & Inventory:** Managed daily store operations and POS system transactions while overseeing consumable inventory to ensure seamless service delivery.
- **Leadership & Staff Training:** Facilitated store management tasks and directed the training of part-time staff to maintain high service standards and operational consistency.
